

Dear Parents/Carers,

This is the last term of your child's Primary Education, and we want to make it the BEST! It is an important term with end of year assessments, which will culminate in student reports, our Year 6 Graduation Ceremony, our Reward Day at White Water World, and so much more. All dates can be seen on the calendar provided below. The Year 6 teachers will be working hard to encourage all students to step up and take full responsibility for both their learning and behaviour to make this final term a positive and rewarding one. We are confident all students will make positive choices this term to ensure we end the year on a positive note.

Term 4 Assessment Schedule

What	When
Letter to Future	Week 1 – 7 (assessed)
Reading – reading, viewing and understanding (throughout term).	Week 1-9 (observations)
Mathematics	
Statistics	Week 1-4
Patterns and Algorithms	Week 4-6
Tessellations	Week 6-8
Cross-Sections	Week 6-8
	**Maths assessments change depending on class needs
Science	
Chemical Sciences	Weeks 1-7
HASS	
Business and Economics	Weeks 1-7
Test	
Health	
Safety (healthy habits, community safety, team building & beach safety)	Weeks 1-7
Technology	
Binary Codes	Weeks 1 - 7

Some dates may change due to a change in schedule. However, students will be given ample notice if this occurs. **Learning will still occur after assessments are complete.**

Handy Tips for High School 2026

The following Tips may be of assistance next year.

1. Try not to be away or late to classes or you can find yourself falling behind.
2. Complete homework tasks and assignments early rather than leaving until the last minute, causing undue stress for you and your parent/s.
3. Build a good relationship with teachers. Show them you want to learn, and they will then want to help you achieve your learning goals.
4. Find an appropriate friend to be your study buddy or support, should you be away and miss instructions or notes.
5. Learn from your mistakes and don't be afraid to ask questions or ask for help.
6. Make sure you know your multiplication tables and related division facts.
7. Remember the classroom is for LEARNING and not SOCIALISING.
8. Create a diary/timetable for due dates for assignments, exams etc
9. Set yourself goals and strive to achieve them.
10. Take advantage of the extracurricular opportunities offered and enjoy your high school years.

Important Matters

Attendance: It is vitally important that your child is on time and attends school every day, unless he or she is unwell. This will ensure continuity in their learning, as well as being present for the many assessments required, leading up to Semester Two reporting. In saying this, if your child is absent, it is imperative that they take the initiative to catch up on what they miss. If you know they will be absent, please let their teacher know in advance so they can plan accordingly.

Laptops: Please make sure your child brings their fully charged laptop to school each day. Students without laptops will be provided equal opportunity for learning.

White Water World: To celebrate the end of Primary School, on the last day of school students are invited to our White-Water World Reward Day. This day is earned through hard work, dedication and respect throughout Term 4. To earn this day, students are given a booklet with six expectations to check off each week. If they achieve all six ticks, students receive a "White Water World Point". They need a minimum of 5 points to attend the special day. The expectations are as follows:

- Be respectful to peers and staff
- Be honest and accountable
- Be safe and fair in the playground
- Be a learner in the classroom
- Regularly attend school, on time for learning
- Have respect for the classroom and environment

If you have any questions or concerns, please contact us in person or via email. We are available at the final bell each day, except Tuesdays, to address minor questions and concerns. Appointments can be arranged via email or through the school office should you require a formal meeting.

The teachers and students appreciate the many positive ways that you and your family contribute to making Pimpama such a special place to be!

Kind Regards,
