

Helping Hands Network before and after school programs

Helping Hands Network's **Rise then Shine** before school program and **Stay and Play** after school program are based on research and designed to facilitate play. Their programs provide children with opportunities for experimentation, imagination, and freedom of expression!

Before and after a structured day at school, it's important for children to have the chance to relax and participate in activities they enjoy. Every child has their own idea of what's fun, so Helping Hands Network offer a wide range of engaging activities during Before and After School Care (**Rise then Shine** and **Stay and Play** program) to accommodate every child's desire.

While Helping Hands Network still offer all the usual fun activities and clubs, they also have **7 adventure categories!** Each adventure category gives children the opportunity to develop life skills and explore their interests through specially designed experiences and activities.

Helping Hands Network holiday program

Holiday HQ is the ultimate destination for kids looking for an unforgettable break from the school routine. From exciting soccer and football competitions to cooking classes – their expert educators provide a dynamic blend of engaging activities and enriching experiences.

In addition, guest visitors and excursions add variety for your child during the holidays so no two days are the same. One day might be a coding specialist visiting the school, the next day might be a trip to the local bowling alley.

They also ensure that every child's holiday is not just entertaining but an opportunity for growth. Kids build new friendships, explore their interests, and return to school with unforgettable memories.

More information about Holiday HQ is available on the [Helping Hands Network website External link](#), including holiday program opening hours, pricing, and program activity details.

Learn about the Child Care Subsidy

Did you know that our Before School, After School and Holiday Programs are eligible for the Child Care Subsidy?

Which means you can save up to 90%* off your session fees.

Did you know that our before school, after school and holiday programs are eligible for the Child Care Subsidy (CCS)?

Since 10 July 2023, childcare fees are cheaper for most families and more parents can access the CCS if your family earns under \$530,000 per annum. On average Helping Hands Network families get a 86%* rebate on eligible session fees.

*Based on Australian average household income and average session fee

CCS is eligible on both Helping Hands Network incursions and excursions during Holiday Programs too.

New School Starters and enrolment

An easy, fun, and engaging transition to **big school** is vital. Helping Hands Network provides the environment, experience and support your child needs to take this very big step with confidence.

Helping Hands Network offer a range of webinars and an email series that parents can sign up to receive. These resources discuss the benefits of outside school hours care, share tips about how to prepare for your child's first day at school, and much more. Industry experts also share information about the exciting new journey your child takes as they enter primary school.

To Register for an Introduction to Helping Hands Network email series and discover more about how to enrol in outside school hours care, [visit the Helping Hands Network website External link](#).

Where can I find the Helping Hands Network service?

The Pimpama Helping Hands service is located along Pacific Springs Road, in the demountable next to the top carpark. If you have any issues finding us, please let us know or contact the school office and they can help send you in the right direction!

What are the benefits of Helping Hands Network's program for kids?

"Play is a biological imperative for healthy child development."

Play fosters brain growth, the development of motor skills, and executive functions. Play plays a pivotal role in emotional regulation, problem-solving, and navigating complex social interactions. Through play, children acquire essential skills that contribute to identity, confidence, resilience, and overall well-being.

Our research-led Adventure Program

The Adventure Program, which is offered through Helping Hands Network, is the first purpose-designed play-based program in the Outside School Hours Care sector. It allows the team at Helping Hands Network to play a key role in furthering child development, supporting kids to become healthy, confident and resilient individuals.
