

BYO Laptop Program (Year 4 to Year 6)

Pimpama State School

BYO Laptop Purchasing Guide

The following devices are available from our approved purchasing portals and will be suitable for use at Pimpama State School in Year 4 to Year 6. There are three levels of specifications.

- Minimum
- Preferred
- Advanced

Prices and stock options outlined below may vary at the discretion of the supplier.

Minimum

Minimum Spec Devices meet the absolute minimum requirements for students to run essential software and access the school network. At times, students may experience longer load times, or may have limited space to store applications and work. Battery life may also be shorter. These are cost effective options, which will allow your child to engage with the BYO Laptop Program.

BYO Laptop Program (Year 4 to Year 6)

Pimpama State School

Preferred

Preferred Spec Devices meet the requirements of the school and are strongly recommended for student use. These devices contain additional specs which will improve the speed and productivity of student work and online learning. These are the ideal options for your child to engage in the BYO Laptop Program.

BYO Laptop Program (Year 4 to Year 6)

Pimpama State School

Advanced

Advanced Spec Devices exceed the requirements of the school and contain additional features which will enhance the learning opportunities for students. While these additional features are beneficial to have, they are not essential for students to engage with the BYO Laptop Program.
